THE INFORMATION RESOURCE FOR ACCIDENT VICTIMS IN PENNSYLVANIA

## Navigating the Aftermath: Why Hiring a Personal Injury Lawyer in Pennsylvania is Crucial

Accidents happen, and when they do the aftermath can be overwhelming. Aside from physical pain and emotional distress, victims often face mounting medical bills, lost wages, and the daunting task of negotiating with insurance companies. Navigating this complex landscape alone can be incredibly stressful and, ultimately, detrimental to receiving the compensation you deserve. This is where we at Carpey Law can step in, offering a lifeline and expertise to help you navigate the legal process.

Pennsylvania's personal injury laws are intricate, encompassing statutes on negligence, liability, and damages. Stuart Carpey possesses a comprehensive understanding of these laws, as well as the specific rules and procedures of the Pennsylvania court system. He can meticulously analyze the details of your case, identify potential sources of liability, and build a strong legal strategy tailored to your specific circumstances. This includes gathering evidence, interviewing witnesses, and engaging expert consultants when necessary.

One of the most significant benefits of hiring a personal injury lawyer like Stuart, is the ability to handle negotiations with insurance companies. Insurance companies often prioritize their own financial interests and may attempt to minimize or deny legitimate claims. A lawyer acts as your advocate, negotiating aggressively on your behalf to ensure you receive a fair settlement that adequately covers your losses. They understand the tactics insurance companies employ and can effectively counter them.

Furthermore, a personal injury lawyer can accurately assess the full extent of your damages. This goes beyond just medical bills and lost wages. They can help you account for future medical expenses, rehabilitation costs, diminished earning capacity, pain and suffering, and emotional

distress. By quantifying these intangible losses, a lawyer ensures that your claim reflects the true impact of the injury on your life.

If a fair settlement cannot be reached through negotiation, Carpey Law is prepared to file a lawsuit and represent you in court. We will meticulously prepare your case for trial, presenting compelling evidence and arguments to a judge and jury. Our courtroom experience and legal acumen can significantly increase your chances of a successful outcome.

Choosing the right personal injury lawyer is a critical decision. Look for a lawyer with a proven track record of success in personal injury cases, strong communication skills, and a genuine commitment to your well-being. They should be willing to thoroughly explain your legal options, answer your questions patiently, and keep you informed throughout the entire process. This is how we do business at Carpey Law.

*We can offer invaluable support and expertise during a challenging time. We will provide a crucial shield against the complexities of the legal system, allowing you to focus on your recovery while we fight for the compensation you deserve. By entrusting your case to Carpey Law, you can increase your chances of a favorable outcome and rebuild your life after an accident. Call us for a free consultation at (610) 834-6030.*

# Victories This Month

Stuart Carpey secured a \$125,000 settlement in a case where our client was in a rear-end collision in Montgomery County, Pennsylvania. Our client sustained multiple orthopedic injuries and he also sustained substantial wage loss. This was a significant and hard-fought victory for our client against a very difficult defendant who refused to accept responsibility.

We've recently had a lot of settlements with the insurance companies for Lyft and Uber in and around Philadelphia. These accidents are becoming more common. If you have been involved in a Lyft or Uber accident, or if you know someone who has, we at Carpey Law can help.

## LAURA CARPEY'S RECIPE OF THE MONTH

# Chicken & Broccoli Braid

### INGREDIENTS

- 1 cup chopped broccoli florets
- 2 cups cooked chicken, chopped
- 1/2 cup diced red bell pepper
- 4-6 oz. sharp cheddar cheese
- 1/2 cup mayonnaise
- 2 tsp dried dill weed
- 1 garlic clove, pressed
- 1/4 tsp salt
- 2 pkgs (8 oz.) refrigerated crescent dough
- 1 egg white, lightly beaten
- 2 tbsp slivered almonds

### INSTRUCTIONS

1. Preheat the oven to 375°F. To a large bowl, add the broccoli, chicken, bell pepper, cheese, mayonnaise, dill, garlic and salt and mix well.
2. Unroll 1 package of crescent rolls; do not separate. Arrange longest sides of dough across

- the width of the Rectangle Stone. Repeat with remaining package of dough.
3. Using Baker's Roller, roll dough to seal perforations. On longest sides of the stone, cut dough into strips 1 1/2 inches apart, 3 inches deep. (There will be 6-inches in the center for the filling.)
4. Spread the filling evenly over the middle of the dough. To braid, lift two opposite strips of dough up, twist once, then lay over filling so that the ends meet at the center
5. Lightly pinch the ends together. Continue alternating strips to form a braid. Tuck ends up to seal at end of braid.
6. Brush the egg white over the dough. Sprinkle the braid with almonds. Bake until deep golden brown, about 25-28 minutes.

HAPPY  
ST. PATRICK'S  
DAY

## Stuart's TRIVIA GAME

**Question:** "How do you prove that an accident caused your injury?"

**Answer:** In order to prove injuries related to a personal injury claim, not only do you have to prove that a negligent act caused your injuries, but you must also prove that you suffered a real injury as a result of someone else's negligence. The only way to do this is through medical documentation. It is extremely important that injury victims follow up with their family doctor or another doctor after an accident and closely follow the treatment regimen recommended by the doctor. Without proper medical documentation from your doctors, you will lack the evidence needed in order to prove your personal injury claim.

## OUR MISSION AT CARPEY LAW

"We empower people to make informed decisions about their legal case."

Here at Carpey Law we strive to stand out from the "other" law firms by offering advice and direction to anyone who calls our office with a legal issue. Truth is, not all law firms operate like we do. If we can't help you directly, we'll do our best to find you someone who can. As a client once told us, "Carpey Law is the information resource for accident victims in Pennsylvania". We live by that every day.

If you know anyone who has a legal issue or question, give them this newsletter and tell them to give us a call. We'll help any way we can.

## Reminder About Our Firm's Communication Policy

About us: We perform very high quality legal work. We are highly competent and we have a highly competent support staff, but we are not perfect. We can make mistakes. We will correct a mistake if we find it or if you point it out.

It is our policy to return phone calls in the order they are received and based on the priority of the situation. If you leave a message, your call will be returned usually within 24 hours. Some clients feel that calling multiple times in a day will get their call answered faster, but that is not the case. Email is the quickest way to get a response from anyone in the office.

We work by appointment only. Without an appointment, it is unlikely Mr. Carpey would be able to meet with you.

Please utilize our support staff to answer your questions and to give you status reports. Our legal assistants and paralegals are very experienced and will often be able to respond to your requests.
